I. DISCUSSIONS

1. Dr. Hippisley presented and discussed the Criteria of New Programs. Dr. Olster made a motion to approve the criteria for new programs; the motion was seconded by Dr. Glixon and unanimously approved, with minor editorial changes.

2. Dr. Blackwell discussed the need for developing programming for a transferable skill set for graduate students. Some Council members advocated for keeping this programming at the program level in the hands of DGS's. A number of Council members liked the idea of having resources for learning new skills available on a central web page, updated from the current resources page. Dean Blackwell asked the council members to send any ideas on transferable skill set for graduate students to her.
