Prof. Dan Stone

MEMBERS ABSENT

Prof. Jonathan Allison
Prof. Chike Anyaegbunam
Ms. Danielle Empson
Prof. Markos Leggas
Prof. Ole Wendroth

GUESTS

Prof. Andrew Hippisley
Mr. David Timoney

I. DISCUSSION ITEMS

1. Prof. Jackson welcomed new and returning council members for the 2014-2015 academic year.
2. Prof. Hippisley, Chair of Senate Council discussed the importance of thorough review of new program proposals at the appropriate council level. To assist in this process, a new detailed form has been developed for undergraduate program proposals. Dr. Hippisley encouraged Graduate Council to develop an equivalent form for new graduate program proposals.
3. Prof. Jackson requested approval from Graduate Council for several modifications to the process for reviewing course and program proposals. These included 1) a new requirement for members to submit a written assessment of all proposals 2)

restriction of the e-vote process to new and modified course proposals and to program changes only and 3) a new requirement to review proposals within two weeks of assignment. Council members unanimously agreed to all three modifications.

4. Prof. Jackson requested approval for a new format for standard time-extension requests. Previously each request included a letter of support from the Senior Associate Dean. The new format will simply list appropriate student information and recommended action and append relevant documentation (letters/e-mails of support and student transcripts). Each request will be accessed via a password-protected Sharepoint site. Council members unanimously approved this modified process.
5. Prof. Jackson discussed the criteria that must be met for appointment as a full graduate faculty member prior to promotion to associate professor. He proposed that if the candidate met the requirement of at least two years of service at UK and if it was evident that the appointment was supported by the chair and graduate faculty of the program, such appointments should be approved. Council members unanimously supported this proposal.

II. ACTION ITEMS

A. POLICY PROPOSALS

1. Dr. Jackson presented proposals from four programs to remove the GRE (or GMAT) requirement for admission:
 1. Master's degree in Educational Leadership Studies
 2. Master's degree in Manufacturing Systems Engineering
 3. The Martin School combined PharmD – Master's in Public Policy and Master's in Public Administration
 4. Master's degree in Special Education and in Interdisciplinary Early Childhood Education

Prof. Stone made a motion to approve all four proposals. The motion was seconded by Prof. Glixon and unanimously approved with the caveat that all waivers would be applied for three years at which point the programs would report on the outcome to Graduate Council.

B. TIME EXTENSIONS

1. Prof. Jackson presented a request for an exception to the standard time-to-degree policy on behalf of Ms. Cydney Jackson, Department of Educational, School and

Counseling Psychology. Prof. Stone made the motion to extend the final completion deadline to the end of the fall 2015 semester with no opportunity to extend further. The motion was seconded by Prof. Glixon and was unanimously approved

The Council meeting adjourned at 2:30 pm.
