#### I DISCUSSION ITEMS

1. Prof. Jackson welcomed new and returning council members for the 2015-2016 academic year. Ms. Nikou provided an overview of the program, course and policy review processes.

Prof. Carlton Craig Prof. Markos Leggas

- 2. Prof. Badger, Chair of Undergraduate Council described the ongoing changes in the curricular review process, including the likely implementation of a new on-line course and program submission system (Curriculog) which will replace CATs. Most of the existing proposal forms have undergone major revision at the Senate Council level and are now circulating through the undergraduate, graduate and health-care colleges councils for review and approval. One major goal at all levels of review is to significantly reduce time to approval.
- 3. Prof. Shapiro, Senior Associate Dean in the College of Education discussed the need to name a co-chair on doctoral and masters committees in cases where the chair has a potential financial conflict of interest related to the student's research. The Research Conflict of Interest Committee feels this is very important in providing protection to graduate students should problems arise. Prof. Shapiro was asked to submit a document for council review which provides background as well as expectations for the co-chair.
- 4. Prof. Jackson identified two items as probable topics of discussion at future council meetings 1) Transfer of Credit and 2) The University Scholars program.
