

Concurrent enrollment in two master's degree programs is only permitted with the approval of the Directors of Graduate Studies for both degree programs. A maximum of **nine hours** can be shared between master's degree programs and registration in each program **MUST** overlap by at least one semester. Fill in the master's degree programs in the first and third columns and list all of the courses to be taken for each degree program. List the shared courses in the middle column. Any changes in the shared courses listed must be approved by the Directors of Graduate Studies and reported to the Graduate School.
